### J.D. BURROWS NAMED VICE PRESIDENT, MARKETING OF GDF SUEZ ENERGY RESOURCES

HOUSTON – June 20, 2013 – GDF SUEZ Energy Resources NA, one of the country's largest competitive retail electricity providers to commercial, industrial and institutional customers, announced today that it has named J.D. Burrows as Vice President of Marketing.

In his position, Burrows – whose background in the energy sector spans more than 20 years – will oversee lead generation, brand positioning, marketing analytics and pricing strategies for the company.

Burrows has worked with GDF SUEZ for over a decade, holding a range of leadership positions in corporate strategy and electricity sales and marketing. Most recently, he served as Vice President of Origination and Procurement for GDF SUEZ Energy Marketing NA, a subsidiary of GDF SUEZ Energy North America.

“Today’s competitive electricity market is a dynamic place that has a lot of challenges and a lot of potential,” said Sam Henry, President and CEO of GDF SUEZ Energy Resources. “J.D. has the kind of background and experience we need to manage the challenges and take full advantages of the opportunities. He knows our business inside out, and he understands what it takes to help us build upon our leadership position in the market.”

Prior to joining GDF SUEZ, Burrows worked with Dynegy, Enron and the Public Utility Commission of Texas. He earned his undergraduate degree in economics from The University of Texas and his Master of Science in economics from Texas A&M University.

#### About GDF SUEZ Energy Resources NA

GDF SUEZ Energy Resources NA is one of the largest non-residential retail electricity suppliers in the U.S. and currently serves commercial, industrial and institutional customers in 12 markets: Delaware, Texas, Massachusetts, Maine, Maryland, New York, New Jersey, Pennsylvania, Illinois, Connecticut, Ohio, and Washington, D.C. The company serves approximately 80,000 accounts for customers having a peak demand ranging from 50 KW to more than 200 MW, with an estimated peak load totaling nearly 10,000 MW. The company offers electricity service to small business customers under the brand Think Energy™.
